

Location: **Perth, Western Australia**
Category: Recreation
Client: Not Disclosed
Construction Value: Not Disclosed
Construction Period: Pre-Feasibility / Concept

Paterson Architects were commissioned in June 2024 to develop concept plans and external three dimensional renders in support of a funding application for a twelve court stadium.

The complex incorporates management and administrative offices, function spaces with associated back-of-house facilities, a gymnasium, meeting rooms, stores, change facilities, first aid support, umpires facilities, a public reception space, cafe and kitchen.

Development of the complex is awaiting the conclusion of funding arrangements (as of June 2024).
